Rally Finland with start, finish and Service park in Jyväskylä. We have been organising the trip to this legendary rally for over 25 years. The average weather in this part of Finland at this time of year is between 18 - 25 degrees. The perfect rally weather.

Rally Finland

Rally Finland (formerly 1000 Lakes Rally) has existed in Finnish national rallying since the 1950s. It has been on the World Rally Championship calendar since 1973. The rally is known for its high average speeds, its many jumps and the characteristic stages in the middle of the Finnish forests and lakes. The rally is held in central Finland around Jyväskylä. Jyväskylä is also home to Service park and the start and finish of the rally.

Hotel / Bungalow

We have been at Himos Resort for over 24 years. We live here traditionally in typical Finnish modern bungalows. There are three different types of bungalows, see the description of the different bungalows on the homepage. The bungalows all have fully equipped kitchens, most have a sauna and some also have a whirlpool as an extra booking. After an action-packed day of rallying, enjoy the evening with your friends on the veranda of your bungalow. The hotel rooms are close to the lake, for those who want to go swimming in the evening or in the morning. But also from the bungalows you can reach the lake with a short walk.

Himos also offers rooms for single or double occupancy. These are simple, somewhat dated rooms, but they are clean and equipped with everything you need for a rally visit.

New to the Himos site in 2026 is the Break Sokos Hotel Himos. The hotel is in its first season in 2026 and has high quality and ecological standards.

Bus

The bus company, Sunny Busse, with which we travel, has also accompanied us for many years. We already have our regular drivers here. At most of the special stages, we have parking spaces reserved especially for Rallytravels where we park directly or only a few hundred metres next to the stage.

Food - Drinks

For all self-caterers we will of course stop at a supermarket 2-3 times during the rally week. In the bungalows there is a fully equipped kitchen. At the stages in Finland you will always find kiosks from the local sports clubs with food and drinks.

In Himos, near the bungalows and hotel rooms, there are some restaurants.

It is nevertheless recommended to always carry a backpack with the most necessary drinks and snacks to the stages. Also, small foldable camping chairs are always very popular with our guests.

Plan for 2026

We plan to visit the shakedown, 7 - 8 special stages and the service park in Jyväskylä in 2026 as we have done in the last years.

We have rally fans from all over the world with us, mostly from Sweden, Austria, Norway, Germany and France. Our tour guides are in Swedish, German, English and French.

Our Rallytravels guides are all infected with the rally virus and work in one position or another in the rally business and are therefore qualified to answer your questions.

Our regular crew is Per Carlsson and Claudia Bidlas who are with us on all trips. On the bigger trips they are supported by Miriam Waldfriðsson, Cathi Schmidt, Marc Hermes, and Roger Turesson.
